

### **Proposed activities to serve in the community:**

- Take walks of prayer and intercession for the community.
- Walk the streets with music and evangelistic messages on banners.
- Clean streets, parks and common areas.
- Sanitize public spaces such as schools, community rooms, etc.
- Do a socially distanced evangelistic/educational children's show in the streets (clowns, puppets, etc.).
- Perform dramas, pantomimes or skits on the main avenues and at traffic lights.
- Organize a reforestation campaign in parks or green areas.
- Deliver protection or hygiene kits.
- Deliver kits of medications that do not require a prescription (for colds, vitamins, etc.).
- Deliver kits of crafting activities for housewives or those quarantined at home.
- Provide board games or recreational activities for families.
- Prepare and distribute food to people economically affected by the crisis.
- Deliver educational materials to help children in their classwork at home (study guides by grade, activity books, etc.).
- Deliver packages of school supplies.
- Deliver non-perishable packages of food staples.
- Distribute clothes, toys, shoes or accessories in good condition.
- Place personalized letters in the mailboxes of the houses with encouraging reflections and contact telephone numbers.
- Give workshops in small groups or online on the use of digital platforms, healthy living, preparation of hygiene products, etc.
- Give workshops in small groups or online on entrepreneurship, crafts or starting small businesses (making pastries, bags, embroidery, etc).
- Provide school reinforcement programs and help for children and teenagers with homework.
- Create an urban garden (give seeds, teach/guide in the sowing, caring, and harvest)
- Give psychological and legal advice (attention and follow-up by phone and social networks)
- Give coffee, or bottles of water to clinic and hospital staff
- Give snacks or lunches to relatives of patients who are outside the Hospitals
- Carry out memorial services for the victims who died from COVID-19 or another disease and were unable to carry out funerals for them.

**THINK GLOBAL - ACT LOCAL**
